

## ATD Comparison Data Sheet

8 inch Reverse Osmosis (RO) Membranes

LG Water Solutions, part of LG Chem, Ltd. introduces that the new 8inch Anti Telescoping Device(ATD) design part(s) of LG Chem NanoH<sub>2</sub>O™ Reverse Osmosis(RO) membranes identified in this notice will change, effective from 1st January, 2020 onwards. Both new and current ATD of LG RO membranes will be integrated for delivery to customer until the currents parts completely phase out. We ensure that every LG RO membranes are consistent in its performance while the new and current ATD are mixed.

### ATD Design Comparison

	As is	To be
Image		

### ATD Compressive Strength Test

The compressive strength of 'To be version' ATD performance is equivalent to 'As is'.
